

Accessibility Statement

Last Updated: December 2025

SiteSteady is committed to ensuring digital accessibility for people with disabilities. We are continually improving the user experience for everyone and applying the relevant accessibility standards.

Our Commitment

We believe that the internet should be available and accessible to everyone. We are committed to providing a website that is accessible to the widest possible audience, regardless of ability or technology.

We strive to conform to the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA standards.

Measures We Take

SiteSteady takes the following measures to ensure accessibility:

- Include accessibility as part of our mission and business practices
- Integrate accessibility into our development and design processes
- Regularly review and test our website for accessibility
- Train our team on accessibility best practices
- Assign clear accessibility goals and responsibilities

Accessibility Features

Our website includes the following accessibility features:

Navigation

- Consistent navigation throughout the site
- Skip-to-content links for keyboard users
- Logical heading structure
- Descriptive link text

Visual Design

- Sufficient color contrast between text and backgrounds
- Text can be resized up to 200% without loss of functionality
- No content flashes more than three times per second
- Information is not conveyed by color alone

Content

- Alternative text for images
- Captions and transcripts for multimedia content where applicable
- Clear and simple language
- Proper form labels and error messages

Technical

- Keyboard accessible functionality
- Compatible with assistive technologies (screen readers, etc.)
- Valid HTML and semantic markup
- ARIA labels where appropriate

Known Limitations

While we strive for full accessibility, some content may not yet be fully accessible. We are actively working to identify and address any barriers. Known limitations include:

- Some older PDF documents may not be fully accessible
- Third-party content or applications may not meet all accessibility standards
- Some video content may be missing captions (we are working to add them)

We are committed to addressing these issues and improving accessibility over time.

Feedback

We welcome your feedback on the accessibility of sitesteady.co. Please let us know if you encounter any accessibility barriers:

- Describe the problem you experienced
- Include the web address (URL) where you encountered the issue
- Tell us what assistive technology you were using (if any)

We take accessibility feedback seriously and will do our best to respond within 5 business days.

Compatibility

Our website is designed to be compatible with the following:

- Recent versions of major browsers (Chrome, Firefox, Safari, Edge)
- Screen readers (JAWS, NVDA, VoiceOver)
- Operating system accessibility features

- Mobile devices and tablets

Standards

This website aims to conform to:

- **WCAG 2.1 Level AA** — Web Content Accessibility Guidelines
- **Section 508** — U.S. federal accessibility requirements (where applicable)
- **ADA** — Americans with Disabilities Act compliance

Assessment

SiteSteady assesses the accessibility of our website through the following methods:

- Self-evaluation using automated testing tools
- Manual testing with keyboard navigation
- Testing with screen readers
- User feedback and reported issues
